Title: SIRHAN BISHARA SIRHAN

Character: CIVIL RIGHTS

Synopsis: At approximately 12:15 a.m., 6/5/68, Senator ROBERT F. KENNEDY proclaimed victory in California primary election in crowded Embassy Room, Ambassador Hotel, 3400 Wilshire Boulevard, Los Angeles. As Senator KENNEDY and party were leaving Embassy Room through kitchen exit, a series of shots were fired by an unknown individual, subsequently identified as SIRHAN BISHARA SIRHAN. Senator KENNEDY fell backward onto floor, critically wounded with bullet in brain. SIRHAN wrestled to floor, disarmed, and turned over to Los Angeles, California, Police Department (LAPD). SIRHAN refused to admit identity to the LAPD, carried no identification, and booked as "JOHN DOE" on charge of assault to commit murder. Senator KENNEDY taken to Los Angeles Central Receiving Hospital for emergency treatment, and thereafter transported to nearby Hospital of the Good Samaritan, 1212 Shatto Street, Los Angeles. Neurosurgeons operated on Senator KENNEDY for about four hours to remove fragmented .22 caliber bullet in right brain area. Senator KENNEDY succumbed to brain injuries at 1:44 a.m., 6/6/68. Autopsy conducted. Cause of death on Death Certificate shown as "gunshot wound of right mastoid penetrating brain." On 6/6/68, jet provided by the President of the United States left Los Angeles International Airport for New York City, transporting body of Senator KENNEDY and some members of family, friends, and staff. Other victims of shooting by SIRHAN were Mrs. ELIZABETH EVANS, Saugus, California, leg wound and scalp laceration; IRA GOLDSTEIN, Encino, California, back and leg wounds; PAUL HERMAN SCHRADE, Los Angeles, scalp wound; WILLIAM

SWEET WEISEL, Washington, D. C., abdominal wound; and IRWIN NEIL STROLL, Los Angeles, foot wound. Five victims recovering satisfactorily. Room of SIRHAN BISHARA SIRHAN at 696 East Howard, Pasadena, California, searched by LAPD after receiving oral consent from brother, ADEL SIRHAN. Among items found and seized by LAPD were numerous pages of handwriting. One page dated 5/18/68, contained numerous sentences among which were, "My determination to eliminate RFK is becoming more the more of an unshakeable obsession." "RFK must die - RFK must be killed. Robert F. Kennedy must be assassinated." Near the bottom of this page is written, "Robert F. Kennedy must be assassinated before 5 June 68." Other pages contain similar statements. Weapon taken from SIRHAN at time of shooting is .22 caliber Iver Johnson pistol, Serial Number H53725. Pistol contained eight shots and all shots expended. Pistol sold in Pasadena, California, in 1965 to ALBERT LESLIE HERTZ, and subsequent ownership traced through several owners to MUNIR SIRHAN, brother of SIRHAN BISHARA SIRHAN. MUNIR SIRHAN purchased weapon in mid-February 1968, at which time accompanied by SIRHAN, who loaned him six dollars toward purchase. LAPD advised one bullet removed from Senator KENNEDY's body definitely fired from this .22 caliber pistol. 1956 De Soto, registered to SIRHAN, located by FBI Agents 6/5/68, a few blocks from Ambassador Hotel. LAPD obtained search warrant and searched vehicle, locating two lead projectiles on front seat. An empty box for .22 caliber bullets found in glove compartment. Sales receipt in glove compartment revealed purchase 6/1/68, of four boxes of .22 caliber bullets in San Gabriel, California. Los Angeles County Grand Jury, 6/7/68, returned True Bill charging SIRHAN with one count murder and five counts assault with deadly weapon with intent to commit murder. Arraigned 6/7/68; date of plea set for 6/28/68. Judge issued court order restricting comment by any public official or anyone connected with case. SIRHAN confined Los Angeles County Central Jail under strict security measures. LAPD has attempted to interview SIRHAN but he refuses to discuss shooting. Investigation determined SIRHAN born 3/19/44, in Jerusalem. Entered U. S. in 1957 with parents and family. Attended junior high school, high school, and

LA 56-156

junior college in Pasadena, California, 1957 to 1965. Mother and brothers living in Pasadena advise SIRHAN had no female associates and very few male friends. Has reputation of being "loner" who did not drink or smoke, always had great ambitions, but continually failed to reach his goals. SIRHAN reportedly had little communication with other members of family and read a great deal of books concerning history or politics. In September 1966, SIRHAN thrown from horse and reportedly injured head. Received \$2,000 settlement from insurance company for this injury. SIRHAN's mother advised in her opinion he was never the same person following this fall. GAYMOARD MISTRI, Pasadena, advised that shortly after 6:00 p.m., 6/4/68, SIRHAN joined him in local Pasadena restaurant. MISTRI talked with SIRHAN while SIRHAN ate dinner and then both walked across street to Pasadena City College. SIRHAN departed between 7:15 p.m. and 7:30 p.m., 6/4/69, without indicating any definite plans for evening after MISTRI indicated he did not want to play pool that evening. HUMPHREY CORDERO and ENRIQUE RABAGO advised had conversation with individual, subsequently identified as SIRHAN, at approximately 9:30 p.m., 6/4/68, at the Ambassador Hotel. Both of opinion SIRHAN was at Ambassador alone, and no one appeared to be accompanying him during the ten minutes they talked. SIRHAN reportedly made derogatory comments regarding "rich people" in general and Senator KENNEDY in particular. SIRHAN told RABAGO that KENNEDY was going to "buy the Presidency" for personal reasons and referred to KENNEDY as an "S.O.B." Neither CORDERO nor RABAGO had further conversation with SIRHAN during the evening of 6/4/68, and neither had ever seen him before. SIRHAN reportedly vocal in support of Arab effort in Arab-Israeli conflict, and anti-Semitic.

PAUL WERTLAKE, M.D., Pathologist, Good Samaritan Hospital, Los Angeles, California, advised that after the surgery had been performed on Senator ROBERT KENNEDY, he personally, at approximately 6:30 AM on June 5, 1968, removed certain specimens from the Surgery Room to the Pathology Room. Dr. WERTLAKE identified these specimens as bullet fragments, bone particles and bits of tissue from the skull of the victim. Some of the bone particles have bullet fragments adhering to them. The largest bone particle is a bone flap with a burr hole on one side. This was removed to furnish the surgeons an entry into the interior of the head and to relieve intolerable pressure inside the skull. The specimens were all turned over to the coroner. Dr. WERTLAKE advised that a photographer of the Los Angeles Police Department (LAPD) took photographs of these specimens. :

For a person to put his thoughts into words is a difficult task if you were to remember that that person is a troglodyte who is therefore more psychically inclined than his urban contemporary.

America will soon face a downfall so abysmal, that she will never recover from it. This statement is based on several observations and incidents that the writer experienced.

The American politician leads his people through any course that he wants them to - this is possible because the people ~~to~~ lack the initiative, ~~or~~ or are indifferent to the actions of their leaders. Their leaders say: You have the right to speak against your govt, ~~it~~ and support its changes - but remember, - though Democratic means Only - if otherwise, we will blast the hell out of you - and besides, you wouldn't want to do anything like that, it is stupid, costly and wasteful. Just let us run the country hire our relatives to work for us - and earn fat checks -

Good

Individuality is the necessary complement of the Universal Spirit which was the subject of our consideration last Sunday - The whole problem of life consists in finding the true relation of the individual to the universal Originating Spirit and the first step towards ascertaining this is to realize what the Universal Spirit must be in itself, we have already done this to a certain extent and the conclusions we have arrived at are:-

that the essence of the spirit is life, love and beauty

A Declaration Against America
when in the course of human events
it has become necessary for me to
declare and seek revenge for all the
inhuman treatment ~~that I have~~
~~suffered~~ by those who committed
against me by the American people.

the manifestation of this Declaration will
be announced by its supporter (s)
as soon as he is able to command
a sum of money (\$2,000) and to
acquire some firearms - the specifications
of which have not been established
yet.

The victims of the party in favor
of this declaration will be or are
now - ~~in~~ the President, Vice,
etc - down the ladder.

The time will be chosen by the
author at the convenience of the
accused.

the method of assault is immater-
ial - however the type of
weapon used would influence
it somehow.

A List of Grievances against U.S. and its façade of "Freedom and Justice for all" ~~and that~~

Definitions: For Webster's Dic.

Freedom: "a being free, a political Liberty, a being ^{able} to act, use, etc, without hindrance, Frankness.

Justice: A being righteous, fair, rightfulness - the use of authority to uphold what is right.

The administration of law. do Justice, to treat fairly as with due appreciation.

My line of thought in this presentation is not steady in flow - due to the multiplicity of grievances and charged emotions that ~~then~~ generate ~~in~~ within me.

space. You start with nothing, and by simply reversing the appropriate natural law, you end up with something -- exactly what you want.

For example, you'll see how to use the following techniques to "PROJECT" meta-physically what you want:

1. How to "PROJECT" a much longer life for yourself -- 100 and over is not impossible -- by increasing your own personal charge of "magnetism."
2. How to "PROJECT" firmer lips, cheeks, smoother skin and a younger look, in general, through the technique "magnetic tensing."
3. How to "PROJECT" contact with the "Higher Mind" and get explicit advice on any problem having to do with family, neighbors, friends or bosses.

THE FABULOUS CAREER OF ANTHONY NORVELL

For twenty-five years, a bronze plaque on the doors of New York's world-famous Carnegie Hall has commemorated the teachings of Anthony Norvell, one of the great minds of our time.

Over the years, tens of thousands have come to absorb his deep and profound wisdom — a complete and practical system of self-mastery and spiritual power that combines the Science of the West with the Mystic Knowledge of the East.

Norvell's deep thirst for spiritual fulfillment has taken him on travels to the most remote corners of the earth. He spent many years in India, where he studied with a noted guru (Holy Master). In North India, he later met a Tibetan monk from the Great Monastery at Lhasa, who revealed centuries-old secrets to him — the most sacred mysteries of the Orient, revealed in this book.

travelled to corners of all parts of the earth. And throughout it all he looked for just one thing -- the power to turn thought into reality. Nowhere was the answer to be had. But finally he discovered that with a certain technique he could reverse important key laws of nature.

He discovered that he could make it just as easy to create matter, as it usually is to destroy it. It's easy to start out with something -- say a \$100 bill -- put a match to it and end up with nothing. Now, he found out, you can start out with nothing, AND END UP WITH SOMETHING.

He could hardly contain his excitement. He tried it once. It worked. He began telling others about it. It worked for them. He called it "MENTAL PROJECTION" and tried it on thousands of people no different from you.

USED BY THOUSANDS OF PEOPLE

- xx Jane Addams was given 6 months to live because she was chronically wasting away. But by giving away a certain part of herself, she was able to "PROJECT" herself practically a whole new body. She lived to bury four of her doctors.
- xx A woman was 76. She never had a trade or profession but always longed for one. She used The "Invisible Law of Mental Vibration" to "PROJECT" herself a talent. She became a great painter and made \$1 million before she died at over 100.
- xx A young man was caught in a fire. His legs were just about burned away. Doctors feared he would die. He managed to pull through, but without hope of walking again. Yet by contacting the "Cosmic Mind" he was able to "PROJECT" himself a "new" set of legs. A few years later, in the world famous Madison Square Garden, he ran the world's fastest indoor mile.
- xx A man and his wife had little money. But they had their hearts set on owning their own home. They used the technique of "Centro-Dynamics" to "PROJECT" not just any old home, but their dream house. And they got it for what little money they had.
- xx A certain group of people had no future before them. No money. No contacts. No influence. Yet they wanted to be famous. They used "The Magic Circle" technique to "PROJECT" a great talent into their lives. Later, they all became famous movie stars. You'll recognize their names immediately.
- xx A man had no money all his younger life. His father died at a young age. His mother scraped along by selling biscuits to men for lunch. Then he used the Law of Capillary Action to "PROJECT" great wealth into his life. Before he knew it the biscuit business just grew and grew. He became a multi-millionaire.

Yes, "MENTAL PROJECTION" works. All you need do is use the specific techniques, for the specific things you want.

NOW! Through the Incredible Power of—

MENTAL PROJECTION

—You Can "PROJECT" Things Metaphysically Right into Being!

Dear Friend:

Here's news about a revolutionary and potentially earth-shaking PROJECTION mechanism. It's based on a new metaphysical discovery, and is now available in a startling book.

It's true. The famous "20th Century Philosopher," Anthony Norvell, reveals one of the most astounding discoveries ever made: how to use a powerful PROJECTION mechanism to metaphysically transform your thoughts and desires into reality.

Called "MENTAL PROJECTION" this mind mechanism can change your entire life -- from the very first moment you turn it on -- money and power appear metaphysically, as if out of nothing.

The famous Anthony Norvell explains the transmutation techniques you need to work "MENTAL PROJECTION" -- and tells you with complete details:

- * How to tune into the "Music of the Spheres" the wavelength over which all "PROJECTION" takes place.
- * How to "PROJECT" yourself into "The Land of Beginning Again" and wipe out all your past mistakes and failure in a single blow, and start over with a clean slate.
- * How to "PROJECT" yourself through a mirror and come out with such dignity, such regal power no one will dare defy you.
- * How to write a sum of money on a slip of paper and "PROJECT" it into becoming yours.

Now I will give you a clear, scientific demonstration of the natural laws behind "MENTAL PROJECTION."

WHY YOU CAN TRANSMUTE THINGS INTO EXISTENCE!

For over 25 years Anthony Norvell searched the literature of all ages,

In this writer's opinion KRLA has been unfairly accused of "hoodwinking" the Commission with its broadcasting slate.

A second charge has insinuated discrepancies in a "Golden Key Contest" held two years ago on the "Perry Allen Show", who was a gimmick man, similar to KFWB's Cary Owens.

Allen long ago departed to KRLD for more better recording and trade for popular Winston Clinton Conrad Bertindale, who currently holds down the morning's breakfast time slot.

In regard to the station's programming, there seems to be no wider scope, ranging from live church broadcasts, to rock'n roll, to community forums, to some jazz, and to "Focus", heard each week night at 11:00 with guests often presenting very controversial topics and ideas. AHE how many of us can criticize "Let's Talk", on Sunday nights?

The only remark that 21 year-old evening favorite Jimmy O'Neil could make, because of station policy, was an understandable "No comment".

...The one important new change introduced in this constitution is the addition of the Senate to the legislative branch. This Senate includes 7 reps elected from each class; and 3 elected from each class council. This... provides additional representation, increased opportunity for student leadership, and added strengthening of the bond between student government and the class councils.

Bryant Myers

Editor:

...Under the proposed constitution, 50 people would hold semester A.S.D. offices... nearly 3 times as many as now. ...The substantial increase in offices would encourage candidates who previously did not feel well enough known and would also reduce whatever influence popularity may have in elections. It is hoped that by having candidates running for 50 offices, voters would feel a connection with the candidates....

Editor:

...Under this form of government 33 positions will be created, 32 in the Senate. In this group will be found 7 Senators, elected at large from... respective classes; 3 Senators..from each Class Council; and a speaker and secretary, elected from the student body. The Senators..from the Councils will be directly responsible to these councils...consequently to the basic classes... Senators will have an enormous amount of influence, for they will be closer to..needs of..students and better able to communicate their desires to the Senate and Cabinet. In this...plan lies..answer to the problem of representation without sacrificing vital efficiency... A student will be able to express his views in the Councils, the Senate and Cabinet.

CLASSIFICATION

The "OPINION" has made no intentional slanderous snipes at any individual involved in student government. IF any person has been unjustly accused of any act constituting poor judgement in distribution of duties or otherwise, then apologies are herewith being extended to them, and only them. Correct implications are not being withdrawn.

Criticism had been rendered in rather generous amounts in previous literature distributed on the campus. It has been said that these earlier circulars attempted to impose ideas on the students. Well, it should be remembered that it was by these same students to accept or reject any ideas that were presented to them.

A number of hastily stated charges have been made against the "OPINION" at Blair for making attempts to "take over the government" - these are not true.

Criticism and praise has been rendered, continue to be rendered to the "OPINION", and no doubt will be. This is taken as a matter of course. Your views are published.

TO WHOM DO THE CENTER BLEACHERS BELONG?

Seniors are currently discontented with the condition of Senior Privileges.....which are very apparent because of their absence.

If the center section of the bleachers is designated to Seniors, then WHY isn't there the slightest bit of enforcement of this favor?

What sort of a farce are the 12th graders falling for when they are supposed to be excused first at the end of each gathering yet they wind up swallowed by a mass of Juniors and Sophomores?

The earlier dismissal would seem to give the two lower groups a good chance and a good excuse to be late to class, wouldn't it? DISSENT.....

Many Seniors think that the center section affair is stupid, but what else has been offered them? There is no choice involved!

Let's face it Seniors. It's there; there is nothing better in view. You can either take it or leave it.

KEITH McCORMICK OF "BLAZER" WRITES OWN LETTERS TO PAPER

Keith McCORMICK, a recent graduate involved with the "BLAZER" and in student government, has informed the "OPINION" that the editor of page 2 of the former has written a number of letters to the "Letters to the Editor" column of his own paper. This makes us wonder if the "BLAZER" is really a fair mail or if this sort of action is considered to be good journalism by those involved. The person in question, Keith McCORMICK, has been known to either to expound his views, both in the "BLAZER" and in the "OPINION". Let us hope that such disonest and unethical methods will never cease. The tactics could be considered unethical.

D-680606001 Q11 AT

Obviously the U.S. does not enjoy being identified with the "colonial" countries which, being allies within the framework of the North Atlantic Treaty Organization, it feels duty bound to support.

It is significant to point out that the United States' presence in Vietnam is not being considered a form of colonialism and lies therefore outside the competence of the committee.

Southern Africa represents the area of greatest concern to the committee and the United Nations as a whole. By and large the committee's members realize the complexities of the situation. There are hundreds of thousands of non-Africans who—unlike the white settlers in Algeria who could and did return to France—have absolutely nowhere to go.

There also is the danger, of which the UN receives ever-growing evidence, of a two-way racism such as Africa has never known before and which might generate irreconcilable hatreds. This in turn is bound to cause confusion and anarchy.

The committee, the General Assembly, and the Security Council have dealt with the issue at various times but never with any degree of success.

Another problem preoccupying the committee is that of the ministates. In fact, most territories under consideration by the Committee of 24 do not possess the main prerequisites for effective exercise of sovereignty.

The United Nations has often considered what its future would be if all the ministates were to be admitted within its framework. Pretty soon these ministates would acquire such enormous voting strength as to represent a determining factor. This prospect is not of a nature to please anyone.

Ministate situation confused

The committee of 24, however, must examine the problem in the light of its own mandate, that is, independence for each and every nonself-governing territory, big or small. Some thought has been given to the possibility of attaching these territories to larger and well established geopolitical entities. This, however, would imply a renunciation of the principle of independence which the committee of 24 cannot entertain.

The situation of the ministates is thus very confused and will have to be faced realistically by the Security Council, which has established a committee to study the problem. Meanwhile it is felt the UN, through the

committee of 24, should have a continued interest in the small nonself-governing territories, whether or not their independence is being contemplated.

Ambassador Mestiri is satisfied that, apart from the tragic situation in Southern Africa, progress is being made. Spanish Guinea is to acquire independence before July 15. On the other side of the map, progress is being achieved in the part of New Guinea under Australian administration.

Some progress noted/

No progress is being made in Spanish Sahara where Morocco, Mauritania, and Algeria are in dispute. It is believed that a change in the status of the territory might cause tension among the North African states.

Britain, which administers most of the territories under consideration, cooperates with the committee even though for the time being it refuses to receive visiting missions from the committee of 24.

It does not recognize the competence of the committee in the issue of Muscat and Oman, which it considers an independent country. The majority of committee members feel that a protectorate such as France once established in Tunisia and Morocco is far closer to colonial status than to independence.

Another problem is that of the Fiji Islands where the indigenous population risks being reduced to a minority because of Indian immigration. The committee is divided as to the best way to protect the indigenous people.

In pursuing its work Ambassador Mestiri and the committee of which he is chairman have taken as a guideline the words of Secretary-General U Thant: "The United Nations stands for the self-government and independence of all peoples, and the abolition of racial discrimination without reservation. It can never afford to compromise on these basic principles."

could well be getting a little better. . . ."

For the readers who may label as "far-fetched" the ideas put forward by those who view America's social problems from the Left, it may be surprising to learn that ideas—such as a guaranteed minimum income—are already sounding old. Only the implementation of them would be new.

Irving Howe, editor of *Dissent* and co-editor of this book, notes: "The programmatic demands advanced by the liberal left-groups for domestic reforms during the thirties have, by now, either been mostly realized or require merely—but that is some merely!—quantitative implementation."

If there is a fault in this book, it is in scorning the people who hold the means for "quantitative implementation." And if the "idea people" and the "money people" remain split over "who is to blame—the slum or the slum-dweller," the slum will continue to remain.

The fact that Grandpa has perhaps self-
ghteously condemned the poor who are

"easy" victims, causes Jeremy Lerner, co-
editor of this book, to lash out at the rich,
a more elusive target:

"As far as looting is concerned," he says,
"the Negroes are smalltime compared to

He writes: "I have never understood why

Transfer outlined

The General Assembly declaration was very specific. It stated:

"Immediate steps shall be taken, in trust and non-self-governing territories or all other territories which have not yet attained independence, to transfer all powers to the peoples of those territories, without any conditions or reservations, in accordance with their freely expressed will and desire, without any distinction as to race, creed or colour, in order to enable them to enjoy complete independence and freedom."

The Assembly declaration, he added, represents the framework within which the committee operates.

"I can only assume this premise is accepted by all countries agreeing to participate in the work of the committee, including the United States and the other Western countries," he stated.

During the eight years since the declaration was adopted some progress was made but not enough by far to satisfy a majority of UN members. While some small territories, mostly ministates, were granted independence the situation in the southern part of Africa has remained unchanged.

The fact that South-West Africa, Southern Rhodesia, and the Portuguese colonies of Mozambique and Angola are farther away than ever from gaining independence is causing considerable resentment.

Fundamentally, the contrast is between those who take the General Assembly declaration literally and the "realists." The former complain that all nonself-governing territories should have become independent eight years ago; the latter feel a few years more or less do not make that much difference.

Vicious circle exists

The first group comprises the Afro-Asians, usually joined by the Eastern Europeans and the Latin Americans. This coalition tends to isolate the Western countries. The latter react by knitting closely together and often take the attitude that since they cannot influence the committee why bother.

Western skepticism, which at times becomes uncooperation, in turn exasperates the Afro-Asians further. A vicious circle has thus been set in motion which might prove almost impossible to break.

The committee also is called "of the 24" by the number of countries comprising it. There are 13 non-aligned countries (Afghanistan, Ethiopia, India, Irak, Iran, Ivory Coast, Madagascar, Mali, Tanzania, Sierra

Mahmoud Mestiri

The basic issue is unmistakably clear

Leone, Syria, Tunisia, Yugoslavia), five Western countries (Australia, United States, Finland, Italy, United Kingdom), three Eastern European countries (Bulgaria, Poland, Soviet Union), and three Latin-American countries (Chile, Honduras, Venezuela).

The committee was established in November, 1961, to examine the application of the declaration and to make suggestions and recommendations on the progress of its implementation.

Khrushchev led move

The declaration was introduced by Premier Nikita S. Khrushchev in person at the time he came to New York to lead the Soviet delegation to the 15th session of the UN General Assembly.

That was the year when most of the world's leaders—Nehru of India, Sukarno of Indonesia, Tito of Yugoslavia, Nasser of the United Arab Republic, Castro of Cuba, and many, many others—met in New York.

It also was the period when an avalanche of African countries had entered the United Nations and the African continent had become for the first time conscious of its weight in international affairs.

The Soviet Union has ever since used the committee as a platform for anti-Western, especially anti-United States, attacks. The language at times recalls the worst periods of the cold war. Moscow's main purpose is to convince the Afro-Asians and the Latin Americans that the United States is not sincere when it proclaims its support for independence in the nonself-governing territories.

The Soviets attach particular importance to two aspects of the committee's work—the role of foreign economic interests in preserving colonialism and the establishment of foreign military bases in Western

Poverty: Views From the Left. Edited by Jeremy Larner & Irving Howe. New York: William Morrow & Company. \$5.

By Jo Ann Levine

Most of these 20 quarrelsome essays have appeared previously in Dissent Magazine. The authors do agree on one point: poverty today is not the same poverty that Grandpa pulled himself out of by his own bootstraps and anybody who thinks it is stands lost in a "puritanical emotional fog."

One reason the essays are cantankerous while attempting to be—and being—constructive is that the authors spend a good deal of time lashing out at the "grandpas" in our society.

Unfortunately, these grandpas, or at least the grandpa-brand of thinkers, are the ones who have to finance America's social reforms whether they be massive or minor.

And they are the ones who still believe, along with the first American colonists, that "man has a religious duty to achieve material success and that giving direct financial aid to the poor destroys their character."

The unanimous view from the Left is that America has never resolved its own schizophrenic view of the poor which says that the poor are burdens as well as being honorable victims.

The book's authors agree that poverty in America for 35 million poor (poor is defined as an income under \$3,200 a year for a family of four) is a disgrace. Grandpa, they charge, has been saying that the poor themselves are the disgrace and, he has helped to fashion the welfare programs accordingly—which means punitively.

Although the 20 authors do not agree on specific solutions for poverty, their solutions all come in the form of more money—

given with more dignity and less strings attached.

The new misunderstood poor, say writers like essayist Michael Harrington, are caught in a "downward spiral of pessimism." He describes the poor as young, as being out-ranked by automation, and as living in a time when it is possible to have both "prosperity and decreasing opportunity for the poor."

After analyzing the "new poor," the authors look at them in scattered groups. Essays describe the aged, the hungry, the Negro, the grape-pickers in California, the Headstart children in Mississippi, the school children in Harlem, the captives on the "paleface reservations" in Appalachia, and the Crown and Zellerbach employees in the "company" town of Bogalusa, Louisiana.

The 'Committee of 24'—independence is its theme

countries. The economic interests under investigation are quite often American. The Western countries greatly resent the fact that these subjects are being examined and the way the committee goes about doing so.

The Committee of 24 has at times also expressed the desire to examine the situation of Puerto Rico but has yielded to the U.S. argument that the competence of the committee does not extend to self-governing territories — though Puerto Ricans are officially United States citizens. The Soviet Union, conscious that the Puerto Rican movement for independence takes inspiration from Fidel Castro, and having enough troubles as it is with Cuba, has not pressed the point too hard.

U.S. shows displeasure

The United States has often shown its displeasure with the committee's attitude and not long ago threatened to withdraw unless a more "responsible" attitude was taken.

Who is next?

Territories being considered by the "Committee of 24":

AFRICA: Ifni, Spanish Sahara, Portuguese territories, Rhodesia, South-West Africa, Equatoria Guinea, Swaziland.

EUROPE: Gibraltar.

SAUDI ARABIA: Oman.

PACIFIC: Fiji, Brunei (Borneo), Hong Kong, Gilbert Island, Ellice Island, Pitcairn Island, Solomon Islands, New Hebrides, American Samoa, Guam, Niue, Tokelau, Trust Territory of the Pacific Islands, Papua, New Guinea.

SOUTH CHINA SEA: Brunei (Borneo).

ATLANTIC: Falkland Islands, St. Helena.

UN goal: self-rule speedup

The 'realists' are prepared to wait a few years. But the radicals take the General Assembly declaration literally. They want immediate independence for all non-self-governing peoples. Steering a steady course in these currents of contrasting opinions isn't easy. But Mahmoud Mestiri, chairman of the United Nations committee on ending colonialism, is managing it well.

TUNISIA'S MAHMOUD MESTIRI HAS TO contend with many a challenge. As chairman of the United Nations committee for the ending of colonialism, this is to be expected.

But Ambassador Mestiri knows the moods of the blocs and alignments within the United Nations and accomplishes his task without ruffling too many feathers.

The West is often impatient with the United Nations and even with the committee over colonialism. Mr. Mestiri is aware of this. He may even sympathize. But to him the basic issue is unmistakably clear.

"The problem is not the merits or the demerits of colonialism, whether it is good or bad," he stated in an interview. "The General Assembly disposed of that issue eight years ago when it proclaimed colonialism was evil and that all territories under colonial administration should be granted immediate freedom."

...in the criminal laws of the land.

Mr. Nixon's support of Title II in the pending anticrime bill, undercutting recent Supreme Court decisions, which was the subject of the McClellan-Tydings clash, is warmly and even passionately opposed by some legal scholars.

Factions cross party lines

Before the vote Mr. Tydings put into the record a list of opponents of Title II — the board of governors of the American Bar Association, which sets policy for a membership of 150,000 lawyers; the American Law Institute; the Judicial Conference of the United States; 200 legal scholars from 43 law schools.

Two Democratic presidential candidates, Sens. Robert F. Kennedy of New York and Eugene J. McCarthy of Minnesota, were paired against controversial Title II. Vice-President Hubert H. Humphrey has stated that he opposes it.

Sen. Edward M. Kennedy (D) of Massachusetts charged Senator McClellan had "panicked against crime." Sen. Charles H. Percy (R) of Illinois, a possible vice-presidential candidate, voted "aye" to postpone action on Title II.

But a bipartisan group of angry senators including Everett McKinley Dirksen (R) of Illinois and leaders of the Southern conservatives vigorously disagreed.

Provision knocked out

In a voice hoarse with emotion Mr. McClellan cried:

"If this effort to deal with these erroneous court decisions is defeated every gangster and overlord of the underworld; every syndicate chief, racketeer, captain, lieutenant, sergeant, private, punk, and hoodlum in organized crime; every murderer, rapist, robber, burglar, arsonist, thief, and con man will have cause to rejoice and celebrate!"

The Senate knocked out of the crime-control bill a provision that would have stripped the Supreme Court of authority to reverse state-court rulings accepting confessions as voluntarily given.

The vote was 52-32 and followed votes making the voluntariness of confessions the only test of their admissibility in federal criminal trials.

The 5-to-4 Miranda decision requires that a defendant be warned by police on arrest that he has a right to remain silent; that anything he says may be used to his detriment; that he has the right to the presence of counsel while being interrogated; and that counsel will be provided if he is financially unable to retain one. It calls for procedures similar to those adopted voluntarily earlier by the FBI.

The Miranda case is only one of a series of rulings adopted by a reform-minded Supreme Court majority in the politically hazardous move to liberalize the rights of suspects in criminal cases.

The present high court has two members appointed by Franklin D. Roosevelt, four by Dwight D. Eisenhower, one by John F. Kennedy, and two by President Johnson.

Whatever Congress does with the pending crime bill — possibly facing a presidential veto if it retains Title II — the ultimate trend of the closely divided court may depend on the fall election.

With South African Airlines forbidden to overfly a number of black-African countries, it is currently obliged to skirt West Africa's hump, stopping at Portuguese airports in Angola and Cape Verde Islands.

The new route would be via Tehran. Possible stops along the way: Salisbury, Rhodesia; Blantyre, Malawi; and the islands of Malagasy and Mauritius—both in the Indian Ocean.

These countries can be expected to ignore any sanctions against South Africa. They need all the business they can get.

For South Africans, the route would represent added security in a world increasing its pressures against their nation.

How and why...

Federal government sympathizers in Nigeria have accused Biafra of delaying agreement on the peace talks now under way in Kampala, Uganda.

As for choosing a site, it might have been true. But when it came to setting a date for the peace talks on the Nigerian civil war, both sides jockeyed for a date they hoped would give them a stronger position at the conference table.

The federal government in Lagos proposed May 27 to give Col. Benjamin Adekunle as much time as possible to take Biafra's major city, Port Harcourt.

Biafra, knowing the fall of its city was imminent, wanted a week earlier so the city would still be in its hands when the talks began.

As it turned out, Nigeria's Colonel Adekunle took the city even before Biafra's deadline of May 20 — with a day to spare.

As peace talks begin, the city is occupied by federal troops.

Algeria opposes a negotiated Arab-Israeli peace. So does Syria.

They mistrust United Nations special envoy Gunnar Jarring's peace moves.

This was the main reason behind Syrian Foreign Minister Ibrahim Makhoul's hurried visit to Algiers last week.

Algeria trains some of the Palestine Arab guerrillas earlier trained in Syria and operating from bases on Jordanian territory.

It is now likely that Algeria will join Syria and Iraq in efforts to unify both the regular Arab military commands and the Palestinian commando groups.

Whether these efforts are successful depends in part on Egypt's President Nasser. Egyptian leaders are dubious about unification schemes.

They feel both Syria and Algeria—where President Boumedienne recently narrowly escaped assassination—ought to deal first with urgent internal problems.

Can nations achieve self-rule quickly enough?

The "Committee of 24" has a job to do: to seek independence for all countries and peoples still without self-rule.

Just how quickly this should be done is a divisive issue within the committee.

In addition, there is the problem which the newly created ministates will pose to the United Nations.

In their own styles these men are running for the same office. Both are well respected. One wins Oregon's Senate week will undoubtedly be this green-treed state. I expect to beat Republican wood this fall.

The Morse-Duncan race is a tense, close struggle of an aspiring new generation politician against what is virtually an Oregon political institution. And the issue clearly is the institution himself—Senator Morse.

A controversial figure

Bush-browed and blunt, Wayne Morse aptly personifies the Oregon political spirit. He is independent, controversial, maverick-minded, and a gadfly to presidents. And that is both his strength and his weakness.

Crime election issue

By Richard L. Strout
Staff correspondent of

Washington

Sen. John L. McClellan (D) of Arkansas stood in the middle aisle of the Senate chamber, flailing his arms and speaking with a voice hoarse with passion as he assailed the Supreme Court of the United States.

A few minutes later, trim, young Sen. Joseph D. Tydings (D) of Maryland walked down the side aisle gesticulating with the glasses held in his hand to defend the high court.

The issue they debated was the right of criminal suspects to certain safeguards in the American judicial system.

By expansion, the issue also involves the position of state courts vis-à-vis federal courts; whether the present Supreme Court is "coddling" criminals; the ancient doctrine of Chief Justice John Marshall in *McCulloch v. Maryland* (separation of powers), and the red-hot political issue of crime in the 1968 presidential election.

The average age of the present Supreme Court is 64. Of the four seniors of the court two are 69, one is 77, and one is 82. The high court is delicately balanced in its view of the controversial issue of protecting suspects' rights.

Nixon raises issue

A key case — *Miranda* — was decided to 4 1966.

Normally a president names two judges in a four-year term, though this does not always happen.

What the abc e means is that the fall election, by its choice of president, may well decide the course of the Supreme Court by the addition of new members.

Richard M. Nixon has already raised the issue. In his 5,000 word statement on crime May 8, he criticized the present majority of the high court in the *Miranda* case, charged that "a majority of one" has erected a "barbed wire of legalisms" which has "effectively shielded hundreds of criminals."

Mr. Nixon said significantly that future presidents should "include in their appointments to the United States Supreme Court men who are thoroughly experienced and

What's ahead . . .

Opponents of President Tubman are ruffling Liberia's relative calm.

But so far there is no sign that his hold on the government as an elected official—dating back to 1943—is slipping.

One of his opponents, Henry Fahnbulleh, is said to have circulated anti-Tubman tracts while he was Ambassador to Nairobi, Kenya.

This naturally rubbed Mr. Tubman the wrong way. Mr. Fahnbulleh goes on trial next month, charged with treason and plotting with the Chinese Communists to overthrow the President.

Mr. Fahnbulleh is not a member of Liberia's ruling caste of families—freed slaves who came from America to found the nation in the early 1800's.

His position is that Liberia should be ruled by the now more populous Liberians whose ancestors never saw a slave ship.

Tubman opponents criticize his close ties with Washington.

But two American Peace Corps workers who are said to have made anti-Tubman remarks in a classroom have been ordered to leave the country.

Yugoslavia and Czechoslovakia are taking advantage of Moscow's preoccupation with the East-bloc ferment to tighten their own ties with Africa.

Trade specialists and diplomats from Yugoslavia are following up visits earlier this year by President Tito to nearly a dozen African nations.

Result: A wave of new trade and cultural pacts, plus more treks to Belgrade by Africans.

Yugoslavia, Moscow's old maverick, would like to emerge as the main champion of "democratic" socialism, which appeals to many African statesmen.

Czechoslovakia, Moscow's new maverick, is one of the few socialist countries with genuinely commercial (as opposed to political) interests in Africa. As far as Africa is concerned, Prague is playing cautiously its new independence from the Soviet Union.

But Prague Radio's high-powered African short-wave service assures its listeners that a "critical examination" of its foreign policy means no great change in its relations with third-world countries.

The ripples of the Paris talks are spreading wider as the two parties continue with their disagreements here.

In Moscow a meeting of the cochairmen of the 1954 Geneva conference—the Soviet Union and Great Britain—could have important repercussions here.

In Peking the Maoist leaders, who have officially ignored the Paris talks although they publicly advised the North Vietnamese not to negotiate, have begun to throw adjectives in this direction. The publication in Hanoi of news from the conference is noted here.

By initiating the visit of British Foreign Secretary Michael Stewart, the Soviet leaders appear to have made their first modest but open move toward the West in recent weeks.

It comes at a time when the United States is urgently pressing Hanoi for some form of military "restraint" so that President

Johnson could end the bombing of North Vietnam.
